NEWS FROM THE AUSTRALIAN CATHOLIC UNIVERSITY

- **EARLY ACHIEVERS’ PROGRAM**
  
  As a Year 12 student, do you demonstrate leadership in your school or workplace, coordinate a community initiative, volunteer in a local cultural, sporting or religious group or provide care to someone in need?
  
  Australian Catholic University’s Early Achievers’ Program (EAP) recognises a students’ potential to achieve great things. Gaining a place in the desired course is dependent on meeting the University’s minimum entry requirements and subject prerequisites, regardless of success in the program.
  
  The program operates at each of the University’s six campuses nationally. **Applications open on Monday 10 August 2015 and close on Monday 19 October 2015.** Offers will be made by the end of November 2015.
  
  Students are encouraged to start gathering their required documentation now to submit with along their application. Failure to meet all the requirements for the EAP will result in not being considered for the program. Download the [Early Achievers’ Brochure](#).

- **NEW BACHELOR OF PHYSIOTHERAPY IN 2017**
  
  The B. Physiotherapy will be offered at ACU’s Ballarat Campus from Semester 1, 2017.
  
  ACU’s national School of Physiotherapy was established in 2010 with the launch of the B. Physiotherapy at ACU’s Brisbane Campus. In 2011 the program was launched in North Sydney. ACU runs a national curriculum with ATARs in 2015 being 97.00 in Brisbane and 98.00 in North Sydney. The program incorporates over 1,000 hours of professional practice, giving students plenty of opportunities to practice their emerging skills. Just as in Brisbane and Sydney, Ballarat will have cutting-edge facilities including anatomy wet laboratories and physiotherapy teaching laboratories.
  
  The program is fully accredited and graduates of ACU’s B. Physiotherapy are eligible for registration with the Physiotherapy Board of Australia under the auspices of the Australian Health Practitioner Regulation Agency (AHPRA). For regular updates on the new Bachelor of Physiotherapy in Ballarat, visit the [School of Physiotherapy](#) page.
  
  Students might like to view a YouTube clip regarding the Physiotherapy Course at [YouTube - Physiotherapy](#).

- **UNIVERSITY EXPERIENCE DAY**
  
  **University Experience Day** is a hands-on, fun, free event, where students will be able to participate in a range of activities related to the course area of their choice. Students will have the opportunity to meet ACU staff and current students, mingle with other prospective students, and get a good feel for the Melbourne or Ballarat campus.
  
  The **University Experience Day at the ACU Melbourne Campus will take place on Monday 29 June 2015.** Students can choose workshops from a range of ACU study areas, including nursing, midwifery, business, paramedicine, education, physiotherapy, psychology, public health, exercise science, theology and lots more! Interested students in years 10 – 12 should register online now as places are limited and fill up fast! Visit and register at [University Experience Day](#).

LAW WEEK 2015

**Law Week** is an annual festival of events which makes learning about the law easy. Held in May each year, the seven-day program has something for everyone. This year Law Week will take place from **Monday 11 May – Sunday 17 May 2015.** Students get to go behind the scenes of the Victorian legal system, and check out what the law is all about. Find legal answers on everyday issues, take a prison ghost tour, enjoy some comedy or live music, or check out courts open day for debates, mock-trials and more. Find out more at [Law Week 2015](#).
WHERE WILL THE JOBS BE IN 2019?

Each year, the Department of Employment produces employment projections by industry, occupation and region for the following five-year period. In other words, where the jobs might be! These employment projections are designed to provide a guide to the future direction of the labour market. These forecasts are there to guide students, whilst they are reminded that there are always unforeseen circumstances that could affect these suggestions.

In summary, some of the anticipated industries offering job opportunities include -

BACHELOR OF SCIENCE (ADVANCED) AND DOCTOR OF DENTAL MEDICINE at UNIVERSITY OF SYDNEY

The faculties of Dentistry and Science have joined forces to create a new chapter in dental education: the Bachelor of Science (Advanced) and Doctor of Dental Medicine. Just like the Doctor of Dental Medicine, students will graduate from this double degree as a dentist, eligible for registration with the Dental Board of Australia. Only now, students will have an in-depth understanding of the sciences to provide a strong foundation for postgraduate study.

The seven-year course is ideal for dentistry students who want challenge and flexibility in their degree. Not only will students improve their knowledge of the sciences, they will also be able to indulge their personal interests by studying subjects offered by other faculties.

Applicants are eligible to apply for the double degree in Dentistry at the first opportunity after graduating high school, regardless of when their results are available. Admission to this course is for a limited number of outstanding applicants each year — attaining an ATAR of 99.5 — and applicants will also have to participate in an interview.

UNSW MEDICINE – AN AWARD-WINNING PROGRAM

UNSW Medicine offers Australia’s only undergraduate entry to the integrated Bachelor of Medical Studies/Doctor of Medicine (BMed/MD) program. The UNSW Medicine program was awarded a prestigious Australian Government Award for Programs that Enhance Learning for Innovation in Curricula, Learning and Teaching in 2014.

UNSW Australia was the first University in Australia to graduate students with a MD in December 2013 and all local students have been enrolled in the program since 2014. UNSW Medicine is also the only Australian medical school offering a competitive undergraduate-entry medical education program over six years to obtain an integrated Bachelor/MD qualification.

Why offer a BMed/MD program instead of the traditional MBBS?

The UNSW Medicine program is a six year integrated program which leads to the awarding of two degrees concurrently – a Bachelor of Medical Studies (BMed) and a Doctor of Medicine (MD). The awarding of the MD recognises the high level of knowledge, skills, critical thinking, independent learning and clinical experience attained by UNSW Medicine graduates. The MD is a Masters degree and not a research degree.

The Bachelor of Medical Studies (BMed) is conducted over Years 1-3 and the Doctor of Medicine (MD) over Years 4-6. Students should note that this is an integrated program and that these qualifications are not awarded separately. Both degrees are awarded at the end of Year 6.

PHARMACY & PHARMACEUTICAL SCIENCE COURSES IN VICTORIA

What is the difference between pharmacy and pharmaceutical science?
According the Monash University website, pharmacists are directly concerned with people’s health and wellbeing. They provide advice on the safe and effective use of medicine. They are actively involved in patient care in hospitals and the community. As medicine experts, they often also work in government, industry, research and clinical-trial roles.
For those students interested in science and healthcare, and who enjoy communicating with people, then the Bachelor of Pharmacy is for them as this is the degree needed to become a pharmacist.
In Victoria, the Bachelor of Pharmacy is offered at La Trobe University - La Trobe - Pharmacy, Monash University - Monash - Pharmacy and RMIT University - RMIT - Pharmacy

Pharmaceutical scientists are experts in the chemistry, biology and biotechnology required to design and develop medicines. They play a key role in improving human health and wellbeing by researching and developing reliable, accessible and effective treatments. They understand the impact of medicines on the body and diseases. They are also experts in bringing safe and effective products to market.
Students who enjoy solving problems, love chemistry or biology, and want to improve human health, then a Bachelor of Pharmaceutical Science could be their calling as it equips students to work in the pharmaceutical science and biomedical fields.
The Bachelor of Pharmaceutical Science is offered at Monash University - Monash - Pharmaceutical Science and RMIT University – RMIT - Pharmaceutical Science.
